**What Sight Research UK will do:**

It is our policy to sell donated shares upon receipt. If your wish is to support research in general or a specific area of research, we will hold the proceeds of the sale of your shares in the specific research fund which most closely corresponds to the area you wish to support. As soon as a project match becomes available, we will allocate your gift to a specific project and we will report to you on its outcomes in due course.

**Please ensure that you send the original signed hard copy to us.**

**THANK YOU**
